

UnveilinGLORY - Around the World!

Over the past 10 years the ministry of UnveilinGlory has continued to have an impact on the body of Christ around the world through its trans-denominational and trans-cultural ministry of seminars, literature, videotapes, audiotapes, computer resources and formal education.

In the last year alone we have conducted over 300 seminars and trainings outside of the United States, Unveiling God's Glory to thousands!

Please journey the globe using our interactive map and learn where and what UnveilinGlory is doing to further God's Kingdom around the world.

Our International Missions work is funded only by the proceeds from our American Seminars and your generous support. Please take a moment and pray whether you are being led to join us in Unveiling God's Glory to the world. Find out about support or
